

Adding a Bluetooth Mesh Device to the Bluetooth Mesh Gateway (21349/05)

1. Ensure you have setup your Mesh Gateway and it is paired with your BrilliantSmart App.

2. Select on the **'add device by list'** if the Bluetooth devices already in the Brilliant Smart App. (or search new device step 8).

3. When selecting **'add device by list'** all BrilliantSmart Bluetooth devices previously added will be listed.

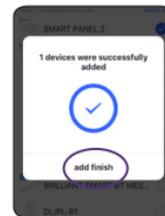

4. Select the device(s) you want to link to the Mesh Gateway.

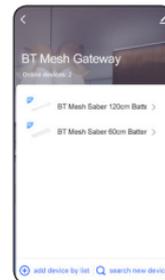

5. Select **'Immediately to join'**. Now the device(s) will be added to the Mesh Gateway.

6. Select on the **'add finish'** to finished the device adding process.

7. Screen will show the added device(s).

8. Selecting **'search new device'** your Mesh Gateway will automatically search for any bluetooth mesh light devices.

9. For all other bluetooth mesh devices select from the list and follow BrilliantSmart app bluetooth pairing procedures.

10. If **'no devices found'**, add device separately (see step 2) **'add device by list'**.

Warning

1. Do not allow children to play with this device as this is not a toy.
2. Power surge/power loss could possibly reset Smart device. If this happens, follow the setup instructions.
3. Pairing button is not an override or a control button.

NB: BrilliantSmart app screens may differ due to application updates & improvements.

Disposal

Please dispose of this packaging material thoughtfully.

Please dispose of this product thoughtfully once it has passed its useful life. When your smart device comes to the end of its life or you choose to update or upgrade it, please do not dispose of it with your normal household waste. Please recycle where facilities exist.

When disposing of this fitting, check with your local authority for suitable options.

Troubleshooting

Problem:

Smart device does not switch ON

Possible Cause

No Mains Power

Suggested Solution

Check connections, fuses and switches

Problem:

Cannot link smart device with BrilliantSmart app

Possible Cause

1. Modem signal weak

2. Router/modem/smart phone firewall is enabled

3. Internet connection is down

4. BrilliantSmart app not installed correctly

Suggested Solution

Place device and modem closer together

Disable firewalls on all devices

Contact your provider

Remove app and re-install

Installation - Recessed

1. Please dispose of packaging thoughtfully
2. Ensure mains supply is switched OFF.
3. Gently squeeze diffuser edges **(A)**, and lift the diffuser off **(B)**.
4. Using Batten as a template mark and drill two holes. Insert supplied Rawl plugs **(C)**.
5. Insert 240VAC Cable (Electrician to pre install) through cable entry hole. Connect the Live (L), Neutral (N) and Earth according to the markings on the terminal block **(D)**.
6. Secure Batten to ceiling using Supplied 2 x mounting screws **(E)**.
7. Refit the diffuser **(F)**.
8. Turn mains power ON and turn light on.
9. Continue setup in the following pages..

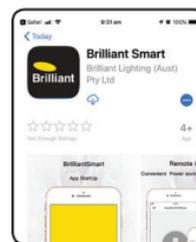

Connect to your WiFi or 4G network

Ensure your mobile phone is connected to your 2.4GHz WiFi or 4G network.

Your mobile phone and your smart device needs to be within good signal strength range of your WiFi router or 4G network.

Download the BrilliantSmart App

Please download the free BrilliantSmart app from the App store or Google Play store, or scan the QR code below.

Register the BrilliantSmart App

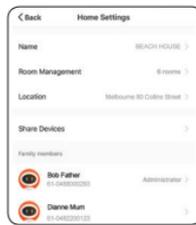

Open the BrilliantSmart app.

For new users, register a new account or if existing user, login with your user name and password.

Configure your BrilliantSmart App

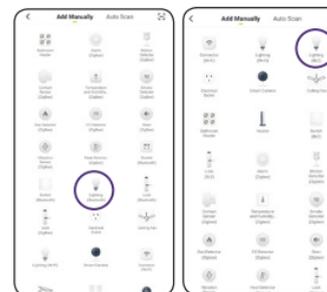

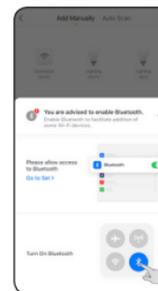

Setting up your Home

You can setup multiple homes or locations. Click **'Add Home'** button. Or Click on **'Home'** top left if you are adding or modifying details then **'Home Management'** to setup your home(s), add or rename rooms and share devices.

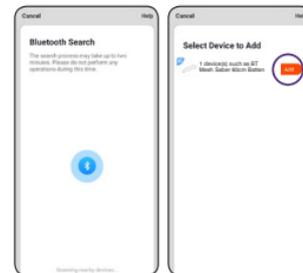

Add your Smart Device to your App - Manual

1. Open the BrilliantSmart App, tap **'Add Device'** (if empty room) or **'+'** to add your Smart device.
2. Turn your smart bluetooth mesh device on. Your device should pulse 3 times then stay on. Select **'Confirm the light has flashed'** (if device did not pulse 3 times then turn off at the switch 3 times to reset to pairing mode (ON-OFF-ON-OFF-ON-OFF-ON)).
3. Please ensure you have enabled Bluetooth before continuing.
4. Select **'Lighting (BLE)'** or **'Lighting (Bluetooth)'** in the list of devices.

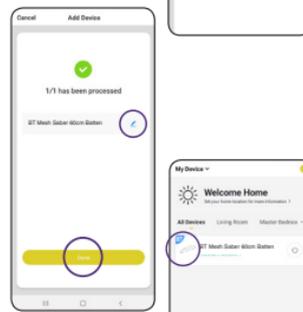

5. BrilliantSmart App will scan for the smart device. **Do not perform any other operations during this time.**

6. Select the device to pair with the App by pressing **'Add'**.

BrilliantSmart app is now pairing with your device.

7. Your device is now paired with the App. Click on the 'pen' to change the name to one of your choosing. Press **'Done'**.

8. Your device is now ready to use. Select your device to take you to Control User Interface (UI) screen.
