

SPHERE 6" DIY Glass Ball with gallery

81000

Before first using your SPHERE 6" DIY Glass Ball Shade with Gallery it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product. Keep this document handy for future reference.

THIS FITTING CAN BE INSTALLED BY QUALIFIED PERSONNEL

For Your Safety

- The 6" Glass Ball Shade fits over standard B22 Ceiling Batten holders typically installed in Australian Homes.
- Ensure the power is OFF before the installation
- During use the light shade and globe will become hot.
- Do not touch the globe with bare hands while it is 'ON'
- Do not touch glass ball while it is hot.
- Do not install in a position where the fitting can be easily accessed by children or the infirm.

Installation Instructions:

Ensure the power is switched off.

The unit itself is not an electrical item however it is designed to fit most standards B22 Batten Holders typically installed on the ceiling in Australian homes.

1. First remove the existing light globe from the Batten Holder on the ceiling.
2. Unscrew the lamp holder skirt (A) carefully and place it to one side.
3. Place the batten fix canopy (B) over the threaded section of the batten lamp holder (C) and replace the lamp holder skirt (A). Do not over tighten.
4. Fit the correct globe B22 42W Max or equivalent CFL (not included) into the lamp holder.
5. Undo the 3 thumb screws (D) on the side of the batten fix canopy but do not remove them entirely.
6. Gently fit the glass ball into the batten fix canopy ensuring that the lip of the glass ball (E) is passed the tips of the screws.
7. Secure the glass ball by tightening the 3 thumb screws (D). Do not over tighten.
8. Install correct light globe. Ensure not to exceed 42W MAX.
9. Switch the power on.

WARNING:

- Use only with existing ceiling B22 Batten Holders
- Do not exceed Maximum Wattage
- Ensure that the switch is in OFF position before changing light globe
- Light globes becomes extremely hot when in use. Always remove globes ONLY when they have cooled down to room temperature.

Warranty:

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 1 year from date of purchase. For products used in non-domestic or commercial applications, Brilliant Lighting warrants this product for a period of 3 months from date of purchase. This warranty is only valid for products installed by a qualified electrical contractor and operated within the guidelines specified by Brilliant Lighting, and within the correct operating voltage ranges as stated on the product's rating label.

Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, incorrect installation, service by unqualified or unauthorised personnel or lack of regular maintenance and cleaning. Proof of installation by qualified personnel may be required, eg. Electrical Safety Certificate. Proof of purchase must be supplied with all warranty claims.

This warranty is provided in addition to any other rights and remedies of the customer under any law. In applications not intended for household, personal or domestic use, liability is limited to replacement or reimbursement of product only.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any claim under this warranty must be made within 1 year of the date of purchase of the product. To make a claim under the warranty, take the product (with proof of purchase – receipt or similar) to the store where you purchased the product or contact Brilliant Lighting at the address below.
