

## LEADING EDGE ECONOMY DIMMER - L400E

- Modular dimming mechanism
- Suitable for low voltage lighting with iron-core transformers
- Suitable for incandescent & main voltage halogen globes
- Australian pattern plate most common brands
- 1 year replacement warranty

## TRAILING EDGE PROFESSIONAL DIMMER - T400P

- Modular dimming mechanism with superior digital technology
- Suitable for low voltage lighting with electronic transformers
- Suitable for fluorescent & main voltage halogen globes
- Australian pattern plate most common brands
- 1 year replacement warranty

## LEADING EDGE PROFESSIONAL DIMMER - L400P

- Modular dimming mechanism with superior digital technology
- Suitable for low voltage lighting with electronic transformers
- Suitable for main voltage halogen globes
- Australian pattern plate most common brands
- No humming
- 1 year replacement warranty

## TRAILING EDGE DIMMER FOR CFL - T400PCFL

(Use with dimmable compact fluorescent)

- Modular dimming mechanism with superior digital technology
- Suitable for dimmable fluorescent globes
- Load: 13x15W to 10x20W
- Suitable for low voltage lighting with electronic transformers
- Suitable for main voltage halogen and incandescent globes
- Australian pattern plate most common brands
- No humming
- Multi-gang application, max, load of the dimmer needs to be rated
- Recommended for CLA dimmable 15W & 20W globes
- 1 year replacement warranty

CODE	DESCRIPTION	TECHNICAL DATA		
		LOAD	TA	CARTON QTY
L400E	400VA LEADING EDGE ECONOMY DIMMER	50-400W	40°C	10/100
T400P	400VA TRAILING EDGE PROFESSIONAL DIMMER	20-400W	40°C	10/100
L400P	400VA LEADING EDGE PROFESSIONAL DIMMER	20-400W	40°C	10/100
T400PCFL	400VA TRAILING EDGE DIMMER FOR CFL	200W	40°C	10/100
