

Thor-35 Track Light

Description

The Thor-35 LED Track Light Range is a high quality commercial grade 3 circuit dimmable track head ideal for product lighting in shops and displays or even for high-end residential applications. With a 70mm diameter cover and a moulded slimline lamp housing made from powder-coated CNC Aluminium and using the latest LED COB Chip and Driver technology, the Thor series of LED Track Lighting from Domus Lighting offers you stable, flicker-free, low-glare lighting for all your commercial or residential needs and all backed by a Domus 5 year warranty for extra peace of mind.

The Thor-35 LED Track Light features the following:

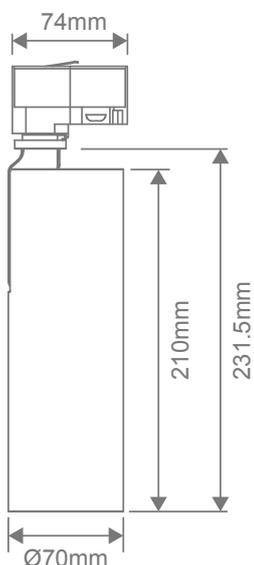

- 35W High Output CRI90+ Citizen COB Chip available in 3000K & 4000K CCT
- 36° Optical Lens.
- Available in a high quality powder coated textured white or black finish.
- Available with optional gold, black & white baffles to give you the ideal look for any application.
- White finish comes standard with white baffle, black finish comes standard with black baffle.
