*Energetic Lighting Australia uses its best endeavours to test and advise results for "dimmer compatibility" in its catalogue and on its website, but actual dimming performance can be affected by the dimmer type and manufactured quality.
Results can also vary based on site conditions, installations and applications. Compatibility advice should therefore be considered as a guide only and not a guarantee of performance.
Latest updated dimmer compatibility list is available on Energetic Lighting Australia's website www.energeticlighting.com.au.
